REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Independent claims 2, 7, and 14 are allowable over the prior art of record.

Claims 1, 3, 4, 6, 8, 8, and 11-13 depend from allowable claims, and therefore, are allowed.

Independent claims 2, 7, and 14 recite the limitations of: compensating for changes in position of the registration artifact being from the first location to the second location when registering the first and second images. The combination of these features as cited in combination with the other limitations of the claims, are neither disclosed nor suggested by the prior art of record.

The closest reference of WO 97/40766 to Bova et al. discloses using a registration artifact with fiducial markers placed at the same location in two different images. However, since the location of the artifact is the same, no compensation is performed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
